OR NOT
to Be

The image features the title 'to Be OR NOT to Be' in a stylized, elegant font. The words 'to Be' are in a large, italicized serif font, while 'OR NOT' is in a smaller, all-caps serif font. The entire title is set against a dark, textured background. White decorative scrollwork and floral motifs are placed around the text, adding a classic, theatrical feel. The scrollwork includes swirling lines, small circles, and leaf-like shapes, framing the text and enhancing its visual appeal.

A certificate does not make
you certified. Attitude,
performance, commitment
to self and team - these
and a certificate make you
certified.

#DevOps is like Kama Sutra: it's easy to learn, but hard to master. It's not about best practices but about promoting a solid and healthy relationship between Dev and Ops
